INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the 1971 edition of the Glendale City Directory.

Confidence in the contined growth of Glendale's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Glendale to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Glendale Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Glendale, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Glendale, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, prnted on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Glendale.

THE DIRECTORY LIBRARY

Through the courtesy of the publishers of the Glendale Directory, a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United, States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance.* If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

History and Development

Before the founding of the nearby San Gabriel Mission in 1771, the area which is now the site of Glendale was a virgin land known only to native Indians.

Jose Maria Verdugo, a corporal in the Spanish Army and military commander at the San Gabriel Mission in 1784, saw the need for a local source of food and supplies for the Spanish administrative headquarters in the pueblo of Los Angeles, and offered to provide grain, wine, vegetables and meat if he were given land upon which to raise such products. The Spanish Governor of California responded with a land grant of 36,000 acres stretching from the San Gabriel Mission to the San Fernando Mission, now the site of Glendale, Burbank, Eagle Rock, Highland Park, Atwater, parts of Pasadena and other communities.

Verdugo established the Rancho San Rafael on this vast land grant, but continued to perform his army duties, leaving the operation of the ranch to his brother. In 1798, Verdugo retired from the army and joined his brother and other relatives at the ranch, establishing his home near the present Hoover High School. The ranch prospered for several decades with successful crops of barley, wheat, corn, beans and hay, and large herds of cattle, horses and sheep.

The fiestas and rodeos of Rancho San Rafael contributed to the romantic period of California history known as the Days of the Dons. Jose Maria Verdugo died in 1831 and, in accordance with his will, ownership of the ranch passed to his son, Julio, and his daughter, Catalina.

Julio and Catalina Verdugo held their land intact and operated the ranch for thirty years, during which time they were successful in defending ownership of the land before a Board of Land Commissioners, established for the purpose of verifying land titles after California became a state. However, in 1861 Julio mortgaged the ranch to obtain money for lumber, seeds, provisions and taxes. He was unable to repay because of the unusually high interest rates of the day and a serious economic decline caused by the worst drought in California's history. Consequently, the land was sold at public auction in 1869 to Albert Chapman, who bid $58,750, the amount of Julio's debt. Chapman quitclaimed 200 acres back to Julio to preserve a homestead for the Verdugos. But, because of the continuing claims of creditors and lawyers against Julio, and inadequate public records, a great deal of confusion remained as to land titles in the area. Chapman had no alternative but to ask the courts to settle the matter. The court decision resulted in the "Great Partition of 1871" in which the land was divided among twenty-eight persons.

Following the partition of the Verdugo Ranch, newcomers began to come into the valley which is now the site of Glendale, attracted by the good soil, mild climate and beautiful setting. They bought large parcels of land, built homes and planted fruit orchards. A water system was constructed and small business centers sprang up at scattered locations. In January 1887, four of the principal land owners, foreseeing a potential real estate boom, pooled their lands and filed a map of the "Town of Glendale" with the County Recorder. The boundaries were First Street (now Lexington Drive) on the north, Sixth (now Colorado) Street on the south, Central Avenue on the west and what is now Chevy Chase Drive on the east. The name "Glendale" had been adopted for the area at a town meeting in 1884.

Glendale barely had its start when the "Great Southern California Boom of the Eighties" burst. The town lay dormant fourteen years until, in 1902, the Glendale Improvement Society, which had played a role in the earlier boom, revived because of dissatisfaction with County Board of Supervisors' inaction regarding Glendale. The Society advertised the qualities of Glendale to the rest of the country. New business was developed, schools were built, and the Pacific Electric Railway system was extended into Glendale from Los Angeles. New people were attracted and the economy prospered.

In 1906, the residents of Glendale voted to become a city. Recognizing the importance of sound municipal administration, the Board of Trustees appointed a City Manager as early as 1914, creating the position by ordinance. Glendale became a charter city in 1921. The charter provides for a council-manager form of government. Through numerous annexations, Glendale has grown to nearly thirteen times its original size with a total area of 29 square miles. The city shared in the phenomenal population migration to Southern California, growing from 1,186 at the time of incorporation to 132,752 as of the 1970 census.

Today Glendale is a pleasant, attractive city sustained by a balanced economy featuring over 500 light industrial firms, strong business activity at various centers throughout the community, growing financial institutions, and beautiful residential neighborhoods.

Sheltered on the north by the Verdugo and San Gabriel mountains, on the east by the San Rafael Hills, and on the west by the Hollywood Hills, Glendale lies protected from the hot winds of the desert and the chill breezes from the ocean. The temperature is mild and equable all seasons of the year. The climate makes patio and backyard living a popular pasttime with residents and stimulates a great variety of recreational activities.

Glendale's central location provides easy year-round access to Southern California beaches, mountains and a variety of amusements, such as Disneyland, Marineland, the Los Angeles Zoo, Dodger Stadium, the Los Angeles Coliseum, and Santa Anita and Hollywood Park Race Tracks. Within Glendale are facilities for golf, tennis, swimming, hiking, and most games and team sports. Glendale is a center for horsemanship and recreational horseback riding. The city maintains sixteen parks.

Cultural activities are numerous. Musical organizations, dramatic and dance clubs, literary societies, and an art association offer an unlimited outlet for one's talents. The Glendale Symphony Orchestra and several theater organizations perform in season. The new Brand Library and Cultural Center features courses, discussions and lectures as well as art exhibits and an extensive collection of books on art and music. Of historical interest is the Casa Adobe de San Rafael at 1330 Dorothy Drive. Attractions at Forest Lawn Memorial Park include replicas of several noted churches; the famed stained-glass painting, "The Last Supper," by Leonardo da Vinci; the world's largest religious painting (195 feet by 45 feet) "The Crucifixion," by Jan Styka; a fine collection of stained glass; and re-creations of all of Michelangelo's major works. Glendale is within a few minutes drive of the Hollywood Bowl, Greek Theater, Los Angeles Music Center, Huntington Hartford Theater, and many fine motion picture theaters.

From kindergarten through junior college, the schools of Glendale offer the finest educational facilities and teaching staff available. The school system has established a reputation for producing graduates capable of competing successfully in the major colleges and universities and filling responsible positions in a variety of occupations. Nearby are the undergraduate and graduate schools of the University of Southern California, University of California at Los Angeles, Occidental College, and California Institute of Technology.

Glendale's council-manager government is noted for both efficiency and effectiveness. Forward-looking financial and physical planning have permitted development of excellent parks and libraries; a high level of public services; beautiful, yet functional, public buildings; and a well-maintained street system. Police and fire protection are particulary effective. Public service rates are favorably comparable to rates in most surrounding communities, and the property tax rate is substantially lower than in surrounding communities.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Is your child asking for help and is no one listening?

"I don't care"
"I don't have anything to do"
"I hate school"
"I'd rather watch television"
"I don't like to read"
"I can't do it anyway"
"Everybody's ahead of me in class"
"I guess I'm just dumb"
"Do I have to go to school today?"
"I lost my report card"

PERHAPS YOU SHOULD CHECK YOUR CHILD'S READING ABILITY. *Bring* your child to the Sullivan Reading Center for a FREE reading evaluation test. A child who can read well will be more confident of his or her ability to achieve success in all areas of learning. Reading can be a problem for children of all grade and I.Q. levels. The child who can read will generally show higher achievement in school work and has a better attitude toward learning and himself.

BENEFITS OF THE SULLIVAN PROGRAM

1. Free Reading Evaluation Test 2. Free Math Evaluation
3. Individualized Programmed Instruction 4. All Sullivan Materials Provided
5. You Select The Session Times 6. Parents Receive Home Evaluation Checklist

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.
